To Whom It May Concern

It is with great pleasure for us to have been using (and will continue using) the services of VCA (Veld Cooper and Associates) (Pty) Ltd since 2002 and are extremely satisfied with the results achieved on our behalf.

We have had no problems with VCA, they are a highly professional company with a good response and turnaround time. Their staff are all most efficient and a pleasure to work with and are very dedicated to their clients needs.

I would highly recommend VCA to any of our clients or to anyone who could use their services especially with SETA matters, they handle it immediately.

Yours Sincerely
